

Axis Series® Operable Louvre System

The Louvreclad Axis Series® are versatile, colour-coated steel louvres. Perfect for school gymnasiums, they offer low-maintenance, adjustable natural ventilation to adapt to any climate or environment.

Features

PERFORMANCE

Versatile Ventilation

Electrically actuated or manual operation allows 86% airflow when fully open, with adjustable settings to control cold air, dust, and wind-driven rain.

AESTHETICS

Durable Design

Made from color-coated steel or Zinalume®, available in Colorbond® finishes. Blades linked for unison operation, ensuring low maintenance and longevity.

DESIGN

Customisable Operation

Blades open up to 80° for maximum airflow. Engineered for school gymnasiums and adaptable to various climates, with panel sizes up to 1250mm and blade spans up to 1200mm.

Technical Data Disclaimer

- Indicative maximum span provided are based on generic permissible design wind pressure of 2kPa.
- Span values and product technical information provided are subjected to variance by project specific requirements & influence factors such building location, terrain category & local pressure effects.
- Span values provided are based on typical scenario where product specified are fixed at one end; simply supported at the other end and in either horizontal or vertical orientation.
- If the product specified is required to function as barrier for fall protection or as trafficable element, maximum span and pitch nominated may be reduced.
- Spans values provided could be influenced and reduced when used in dynamically sensitive wind environment.
- For project specific product selection or preliminary design & engineering consultation, please contact 1300 165 678 or sales@louvreciad.com to arrange or book a meeting.
