

Environmental Policy Statement

Louvreclad Pty Ltd design, manufacture, supply and install exterior façade products, including louvres and screens constructed primarily of aluminium and steel.

Louvreclad Pty Ltd is committed to environmental protection via undertaking its activities in an environmentally responsible manner and effectively managing risks that may impact the environment. As part of its demonstration of this commitment, Louvreclad has established an integrated management system (IMS) incorporating the requirements of ISO 14001:2015.

The overall strategies of this policy and Louvreclad's IMS include the following:

- ▀ Reduction and recycling of waste materials where possible, and disposal of other waste material in a responsible manner
- ▀ Minimisation of use of natural resources
- ▀ Prevention of pollution.

Louvreclad sets measurable objectives for the achievement of the above via its Strategies and Objectives Register. Objectives are set and reviewed for achievement at IMS management reviews.

Louvreclad commits to complying with the requirements of its IMS and fulfilling all of its applicable compliance obligations. Through application of this policy and the IMS, our organization will manage its work activities in a manner that is consistent with the principles of ecologically sustainable development and will deliver continuous improvement of the system and environmental performance.

This policy is communicated to all workers through inductions, training and ongoing example in the workplace, and is reviewed regularly via IMS management review and more often as required.

Kelvin Wright
Managing Director
