

Axis Series[®] Operable Louvres

Louvreclad's Axis Series[®] industrial louvre is an easy response to changing climatic or environmental conditions with the versatility of manual or automated operation. Allowing 86% airflow when fully open, the Axis Series[®] can also be partly or fully closed to control the entry of cold air, dust and wind driven rain.

Distinctive Features:

- Blades are constructed from sheet metal and are available in Colorbond[®] Steel, Colorbond[®] Ultra & Metallic range and Zinalume[®]
- Choice of automated or manual operation
- Controls the entry of cold air, dust and wind-driven rain
- Blades are linked together and operate in unison
- Banks can also be linked
- Good vision

Attention to Detail:

- The blades open up to 80°
- 135mm blade pitch
- All Colorbond[®] material is single-sided (colour on external face only)
- Louvre componentry is colour-matched to 'Shale Grey'
- 86% free open area when fully open
- Maximum panel width: 1250mm
